Scott's Emulsion is not a  
good medicine for fat folks.  
We have never tried giving it  
to a real fat person. We don't  
dare. You see Scott's Emul-  
sion builds new flesh. Fat  
people don't want it. Strong  
people don't need it.  
But if you are thin Scott's  
Emulsion is the medicine for  
you. It doesn't tire you out.  
There is no strain. The work  
is all natural and easy. You  
just take the medicine and  
that's all there is to it.  
The next thing you know  
you feel better—you eat better  
—and you weigh more. It is  
a quiet worker.
